

The Western Maine Labor Council
Presents

Lessons Learned from the Historic Fairpoint Strike

Tuesday, May 19
6:00-7:15pm
IBEW Local 567 Union Hall
238 Goddard Road, Lewiston

CWA and IBEW members stayed out of work on strike against Fairpoint for more than four months, some of it during bitter cold weather, with nearly flawless commitment to holding the line. This tremendous solidarity, along with a solid negotiating team and broad community support carried the day and brought the workers back to the job with a contract they were able to accept.

How did they do this? And what did they learn along the way?

Join us May 19 for a panel discussion and slide show,
followed by time for questions and answers.
